WORK EXPERIENCE:

Web Developer Intern, IntelliSeven Technology Solutions Inc.
(February/2024 - May/2024)

- Contributed to the development of a chat admin project, focusing on both front-end and back-end tasks mainly using React.js with GraphQL.

SELECTED PROJECTS:

- Flip-Game:** A simple matching game with Pokémon where I used this project to try my first very own Vercel server. flip-game-alpha.vercel.app
- Calculator:** A simple calculator capable of doing simple calculation in PEMDAS order. <https://calculator-lemon-pi-85.vercel.app/>
- Chat-app:** A simple local messaging app that can save messages. This is to practice connecting databases with queries and get, post methods to my front-end. <https://github.com/LaylJan/chat>
- CS50x Projects:** Check out the repository where I uploaded all the problem sets and laboratories that I answered to finished CS50x. <https://github.com/LaylJan/CS50-Projects>
